

YULAN FIRE DEPARTMENT, Inc.
216 Airport Road POB 127
Yulan, New York 12792

November 13, 2012

Eldred Central School Board
Superintendent Mr. R. Dufour

To whom this may concern:

In light of the recent power outage, we became acutely aware of a serious problem concerning the fuel depot. Emergency vehicles were unable to obtain any type of fuel until electric was restored to the school which was several days later.

Consideration of installing either a generator or some type of system, to enable Emergency vehicles to obtain fuel in this type of situation would be greatly appreciated. Unfortunately, we need to access the fuel depot at the most inopportune times (all hours of day & night) and the system would have to be something that would allow us to access the pumps easily.

This presented as a serious problem compromising our service to the community and to the safety of our residents. Please keep us informed as to your resolution to this problem as we never know when the next emergency will arise.
