The school district shall indemnify and save harmless its employees in the amount of any judgment obtained against such employees in a state or federal court, or in the amount of any settlement of a claim, provided that the act or omission from which such judgment or claim arose occurred while the employee was acting within the scope of his public employment or duties; provided further that in the case of a settlement, the duty to indemnify and save harmless shall be conditioned upon the approval of the amount or settlement by the board of education.

Except as otherwise provided by law, the duty to indemnify and save harmless prescribed by this resolution shall not arise where the injury or damage resulted from intentional wrongdoing or recklessness on the part of the employee.

The board of education shall not indemnify or save harmless an employee with respect to punitive or exemplary damages, fines or penalties or money recovered from an employee pursuant to Section 51 of the General Municipal Law. However, the board shall indemnify and save harmless its employees in the amount of any costs, attorneys' fees, damages, fines or penalties which may be imposed by reason of an adjudication that an employee, acting within the scope of his public employment or duties, has, without willfulness or intent on his part, violated a prior order, judgment, consent decree or stipulation of settlement entered in any court of this state or of the United States.

Upon entry of the final judgment against the employee, or upon the settlement of the claim, the employee shall serve a copy of such judgment or settlement, personally or by certified or registered mail within 30 days from the date of entry or settlement, upon the superintendent of the school district; and, if not inconsistent with the provisions of this resolution, such amount of such judgment or settlement shall be paid by the school district.

The duty to defend or indemnify to save harmless prescribed by this resolution shall be conditioned upon (i) delivery by the employee to the superintendent of the school district of a written request to provide for his defense together with the original or copy of any summons, complaint, process, notice, demand or pleading within 10 calendar days after he is served with such document and (ii) the full cooperation of the employee in the defense of such action or proceeding and in defense of any action or proceeding against the school district based upon the same act or omission and in the prosecution of any appeal.

Upon compliance by the employee with the provision of the last paragraph, the school district shall provide for the defense of the employee in any civil action or proceeding, state or federal, arising out of any alleged act or omission which occurred or allegedly occurred while the employee was acting within the scope of his public employment or duties. This duty to provide a defense shall not arise where such civil action or proceeding is brought by or at the behest of the school district employing such employee.

The employee shall be entitled to be represented by private counsel of his choice in any civil action or proceeding whenever the school district attorney or other counsel designated by the school district determines that a conflict of interest exists, or whenever a court, upon appropriate motion or otherwise by a special proceeding, determines that a conflict of interest exists and that the employee is entitled to be represented by counsel of his choice provided, however, that the school district attorney or other

counsel designated by the school district may require, as a condition to payment of the fees and expenses of such representation, that appropriate groups of such employees be represented by the same counsel. Reasonable attorneys' fees and litigation expenses shall be paid by the school district to such private counsel from time to time during the pendency of the civil action or proceeding with the approval of the board of education of the school district.

The board of education may from time to time purchase insurance from any insurance company created by or under the laws of the State of New York, or authorized by law to transact business in the State of New York, against any liability imposed by the provisions of this resolution, or to act as self-insurer with respect thereto.
